

Study Buddy Meeting Minutes

Wednesday, March 1st, 2023

Opening

General meeting, going over tasks and discussing new features.

Attendees

Massimo Derrico, Parsa Langari, Mahirul Islam, Jared Matthews, Nicholas Murphy, Kristian Myzeqari

Discussion

- Massimo's create session page presentation. Page design finished, still need to fix error with Network request.
- Discussed Kristian Tags feature, went over new test cases to find sessions containing at least one tag.
- Nicholas: had to change focus to endpoint testing after issues with frontend login usage. Endpoint testing and backend focus
- Jared: Last week of the sprint was spent on creating sessions and adding session informations. Potential issues: Dates, maybe run logic through sadek.
- New chat function: facebook poll for who picks up tasks, Jared will provide tutorials.

Decisions

- Create session page modifications: Only select a start time and a duration for the meeting.
 - o In the backend, the structure remains as start time/end time.
- Sub-teams will be created (week 1)
 - o Chat: Jared, Jasmine, Massimo
 - o Backend (making endpoints, testing endpoints): Nicholas, Sadek, Sav
 - o Frontend: Kristian, LeTao, Mahirul
- Week 2 will have a dedicated team to notification management
